

STH CONNECTION LOCATION SKETCH

Wisconsin Department of Transportation
DT1248 6/2006 s.86.07(2) Wis. Stats.

This form must be completed and submitted with DT1504, Application/Permit for Connection to State Trunk Highway.

Applicant Name	Property Owner (If not applicant)
Highway	County

Please measure and record the distances between the location of the proposed STH connection, other connections (driveways, public and private roads, and trail crossings) and the owner's property lines along the highway centerline (CL). Record this information as shown on the example at the bottom of the page. Record distances in feet or miles.

Provide a detailed sketch below showing the proposed STH connection location

Circle the correct North Arrow in relation to the state highway.	N ↑ N ← → N ↓ N
